

Hand Press Fixture Kit

HPS-34-TC

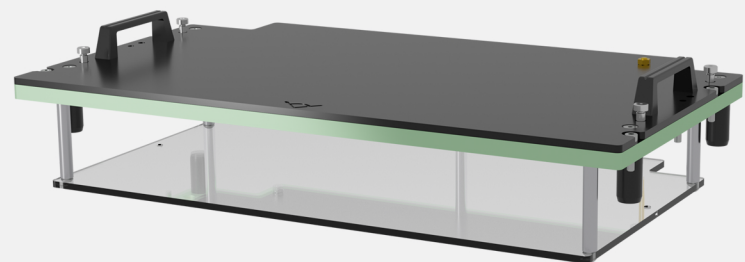

MTTest Solutions R&D department has designed a new **Hand Press Fixture** for low pin-count applications.

Ideal for flash programming, rework purposes. As it has an exchangeable kit feature, it is perfect solution for small, middle batch and /or high-mix productions.

Technical Features:

- Housing Type: Straight with Single Well
- External Dimension (width x depth x height): 500 x 488 x 233 mm [19.685 x 19.212 x 9.173 in]
- Maximal Usable Area: 340 x 166 mm or 246 x 196 mm [13.385 x 6.535 in or 9.685 x 7.716 in]
- Contact Force Generation: Manual
- Ergonomic Handle for Easy Closing
- Exchangeable Kit: **EXCH-HPS-34-TC**
- Paralell Contact Stroke: 6.4 mm [0.253 in]
- Contact Force: 300 N
- Max. Component Height: 30 mm [1.181 in]
*(PCB is 1.60 mm [0.063 in] thick)
- Opening Angle (Drive Unit): 80°
- Weight: approx. 9.8 kg [21.605 lbs]
- Weight EXCH-HPS-34-TC: approx. 5.1 kg [11.243 lbs]
